2011.07.09

In order to enhance green building design and recognition in Hong Kong, HKGBC and PGBC joined hands to organize this Green Building Award 2010 Winning Project visit on 9 July 2011. Selected projects are:

- **HSBC New Data Centre at Tseung Kwan O Industrial Estate** (Commercial Projects Merit Award)
- **Tseung Kwan O Sports Ground** (Institutional / Community Projects Merit Award)
- **Sau Mau Ping South Estate** (Residential Projects Grand Award)
- **Dormitory and Facility Extension of United Christian College [Kowloon East]** (Institutional / Community Projects Merit Award)

Architects of the captioned projects led the tour and elaborated the underlying principles and consideration in designing green buildings with due consideration to all building aspects from management, design, MEP, facility, landscape, etc. Intensive cross-professional interchange was enhanced during the visit and BEAM Pro 4-hours CPD credit was offered.
